Jammu, 24th Nov — Today, TMT PLUS, a leading uPVC manufacturing company, announces an exhibition on Architecture, Interiors, Exteriors and Construction Material.. The highly anticipated The Architectural Expo is set to JDA Ground, Nr. 4<sup>th</sup> Tawi Bridge, Bhagwati Nagar, Jammu, hosted by **Archex**....

This Archex exhibition in Jammu will be in association with the Indian Institute of Architects (IIA) and supported by various organizations like The Confederation of Real Estate Developers' Associations of India, the Indian Plumbing Association, the Mohali Industries Association, the Chamber of Chandigarh Industries, the Industries Association of Panchkula, the Chandigarh Furniture Association and the Industries Association of Chandigarh. With the participation of over 200+ exhibitors nationally and more than 30,000 visitors, this event will truly be one-of-a-kind.

**Minds Media** and Management is an emerging exhibition organizing company that has become well-known for bringing a new dimension to the trade and business of the Indian industry. They do so with exhibitions and industrial trade fairs, allowing the SMEs to come to a common platform to showcase their innovation. Having done many events and exhibitions over the last few years, it has shown a high success rate both in terms of the targeted visitors and the return on investment for the investors.

Archex was visualized as a unique platform to bring together businesses from across disciplines like architecture, engineers, builders, real estate consultants, etc. under one roof. Following the principle of "design-oriented, fashion-leading, and continuous innovation", Archex aims to fit in with urban culture and encourage new innovations and technologies while creating better business opportunities.

This is the most successful commercial exhibition in India. It started in Chandigarh and has now expanded to Jammu. A four-day exclusive and premium exhibition, this event helps bring together a plethora of brands from across the country that helps connect people and shape a better future.

**TMT Plus**, the leading manufacturer and supplier of polymer products in India, will also be one of the exhibitors at Hall-A Stall P-3. Since the company's inception in 2002, we lead with the vision of providing high-quality, cost-effective and easy-to-install products for the society and have constantly pushed for innovations in our field. With a very clear vision in mind to satisfy our customers' needs, we offer our products at competitive prices and keep quality and safety as our foremost priorities.

TMT Plus offers a range of high-quality polymer products like uPVC pipes and fittings, casing and capping, multi-layered water tanks, corrugated pipes, garden pipes and metal junction boxes. We manufacture these products in our own state-of-the-art facility using the best materials.
